Careers

Build your career at one of the world's leading agricultural commodity marketing companies

Glencore Agriculture is one of the leading buyers and exporters of Australian grain.

With strong relationships at all stages of the supply chain, the company operates a world-class marketing, storage and logistics network for Australia's commodities.

Glencore Agriculture buys wheat, barley, oilseeds, pulses, sorghum and cotton direct from Australian growers. We market 8-10 million tonnes of grain per annum to domestic and international customers in bulk and containers. We are the largest importer of protein meals into Australia and supply product to a range of feed manufacturers and customers.

We are part of the global Glencore Agriculture business, a leader in originating, handling, processing and marketing agricultural commodities.
